GALLERIES**LYRICAL ART**

Large layered works by Ingrid Dee Magidson, such as *Beethoven's Muse*, seen here, have a depth seldom seen in paintings of any era. At first glance you see an Old Master-style image of a woman. Look more closely and you see layer upon layer of paint, fabric, torn bits of sheet music, broken china and overlaid lyrical script, love letters or the artist's own poetry, the whole almost sculptural—typical of the provocative art seen at Marion Meyer Contemporary Art in Laguna Beach. 354 N. Coast Hwy., Laguna Beach, 949.497.5442
